TMM, INC
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of TMM, Inc (the Company) and Digital Focus Inc, its wholly owned subsidiary, is presented to assist in understanding the Company's financial statements. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

BUSINESS ACTIVITY

TMM, Inc is in the business of developing and distributing TRUDEF™ digital video compression technology. The original codec was developed in the early 1990's in collaboration with Iterated Systems, Inc. The Company has contracted programmers to modernize, develop and test various proprietary commercial software products.

METHOD OF ACCOUNTING

The Company keeps its books on the accrual basis.

USE OF ESTIMATES AND ASSUMPTIONS

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

INCORPORATION

The Company was incorporated on October 8, 1986, in the State of Nevada.

INCOME TAXES

Income Taxes are provided currently for all items included in the Statement of Income regardless of when such taxes are payable. Deferred taxes arise from the recognition of revenues and expenses in different periods for tax and financial statement purposes.

CONSOLIDATION

These financial statements present the consolidated information of TMM, Inc. and Digital Focus, Inc., its wholly owned subsidiary. See Note 9.

TMM, INC
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2014

2. BASIS OF PRESENTATION

These Financial Statements have been compiled using historical data from reports prepared by the previous management of the Company along with the recent activity of the Company and the Shareholder Group who initiated the change in the Company's management. These financial statements are preliminary and are based on the best information available at this time. As the discovery and review of certain historical documents continues (the current management was voted into office on October 17, 2011) any revisions will be updated in the next fiscal quarter (See Note 5). These statements have not been audited or reviewed and accordingly, no opinion or any other form of assurance is expressed on them.

3. COMPOSITION OF CERTAIN ASSET ACCOUNTS

VDK Codec Costs Capitalized: Represents historical costs previously capitalized and fully amortized for the development of the VDK Codec code.

Code Review and Enhancements: Represent funds spent currently to review, update and enhance the Company's software. These costs have been capitalized as computer software to be sold, leased or otherwise marketed as a separate product or process. The Company's intention is to market the software. Since it is currently being demonstrated to prospective customers the Company believes it meets the feasibility test required for capitalization. Also, the Company has adequate technical, financial and any other required resources to complete the development and sell or lease the resulting product or process. Also included in this account are funds spent for computer equipment and the secured facilities and improvements being used in the development of the code.

Legal and Related Costs: Represents fees and costs paid for the shareholder action and subsequent technology related litigation by the Company and Digital Focus, Inc. together with professional and consulting fees incurred with respect to certain recoveries, and the discovery, updating and evaluation of certain corporate governance documents and proprietary

information. Most of these costs are related to litigation to protect trade secrets, to maintain exclusive ownership of the underlying Codec and to explore, initiate and protect certain patent rights. (See Notes 5 & 11).

The costs associated with the litigation referenced in Note 5 total \$750,815 to date (\$382,094 in 2014). While generally accepted accounting principles allow for the capitalization of these costs if the litigation is successful, they will be written off as required if and when it becomes apparent that the litigation is not successful. Any write off of previously capitalized amounts would also reduce shareholders' equity by an equivalent amount.

The above costs are deemed to have certain future value and as such have been presented as assets of the Company. These assets will be amortized at a future date and will be charged to reflect a proper matching against future revenue.

4. AMOUNTS DUE TO INTERNATIONAL ROYALTIES, CORP

The amounts due to International Royalties, Corp. are for fees due for management and director services rendered from 2007 to the present. The amounts due are anticipated to be satisfied by the issuance of capital stock in the Company.

5. LITIGATION

The Company and its subsidiary, Digital Focus, Inc. (DFI), filed a lawsuit in the Clark County, Nevada District Court to protect and resolve their respective rights as to certain of their intellectual property and technology that could have a material effect on these financial statements and the financial position of the Company. The lawsuit was filed initially on March 21, 2013, and in response to new information contained in Defendants' responsive Motions, an Amended Complaint was filed by the Company and DFI on May 15, 2013. The case is currently pending (See Note 3).
