NOTE 3 - USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of these financial statements, and the reported amounts of revenues and expenses during the reporting period. NOTE 4 – SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles (US GAAP). In the opinion of management, all adjustments considered necessary for a fair presentation have been included. All such adjustments are of a normal recurring nature.

Cash and Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Impairment of Long-Lived Assets

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable through the estimated undiscounted cash flows expected to result from the use and eventual disposition of the assets. Whenever any such impairment exists, an impairment loss will be recognized for the amount by which the carrying value exceeds the fair value. During the years ended January 31, 2019 and 2018, there was no impairment of long-lived assets.

Intangible assets

Identifiable intangible assets are recognized when the Company controls the assets, it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. The economic or useful life of an intangible asset is based on an estimate made by management and is subject to change under certain market conditions.

Fair Value of Financial Instruments

The Company's financial instruments consist of cash, receivables, payables, and due to related party. The carrying amount of cash, receivables and payables approximates fair value because of the short-term nature of these items. The carrying amount of the notes payable approximates fair value as the individual borrowings bear interest at market interest rates.
