

OTC Pink® Basic Disclosure Guidelines

Federal securities laws, such as Rules 10b-5 and 15c2-11 of the Securities Exchange Act of 1934 ("Exchange Act") as well as Rule 144 of the Securities Act of 1933 ("Securities Act"), and state Blue Sky laws, require issuers to provide *adequate current information* to the public markets. With a view to encouraging compliance with these laws, OTC Markets Group has created these OTC Pink Basic Disclosure Guidelines. We use the basic disclosure information provided by OTC Pink companies under these guidelines to designate the appropriate tier in the OTC Pink marketplace: Current, Limited or No Information. OTC Markets Group may require companies with securities designated as Caveat Emptor to make additional disclosures in order to qualify for OTC Pink Current Information tier.

4) Issuance History

List below any events, in chronological order, that resulted in changes in total shares outstanding by the issuer in the past two fiscal years and any interim period. The list shall include all offerings of securities, whether private or public, and all shares or any other securities or options to acquire such securities issued for services, describing (1) the securities, (2) the persons or entities to whom such securities were issued and (3) the services provided by such persons or entities. The list shall indicate:

A. The nature of each offering (e.g., Securities Act Rule 504, intrastate, etc.);

During 2012, the Company issued 9,500,000 shares of its common stock to Clinton Hall, LLC. (see under 8.) for the conversion of \$3,372.50 of debt and interest, and 32,687,500 shares of common stock (restricted) to Officers and related parties (see list under 8.) for services valued at \$32,688. None of these transactions involved any underwriters, underwriting discounts or commissions, or any public offering, and the Company believes that each transaction was exempt from the registration requirements of the Securities Act by virtue of Section 4(2) thereof and Rule 506 of Regulation D promulgated there under. Pursuant to Section 18(b)(4)(D) of the Securities Act, all such offerings were exempt from qualification under state "blue sky" laws. All recipients had adequate access, through their relationships with the Company, to information about the Company. As a result of the exempt nature of the transactions in which the shares were issued, all such shares were "restricted securities" within the meaning of the Securities Act of 1933, as amended, and all such shares were issued with a restrictive legend. As such, the resale of such shares requires registration or an exemption from registration, such as that provided by Rule 144 under the Securities Act.

B. Any jurisdictions where the offering was registered or qualified;

C. The number of shares offered;

D. The number of shares sold;

E. The price at which the shares were offered, and the amount actually paid to the issuer;

F. The trading status of the shares; and

G. Whether the certificates or other documents that evidence the shares contain a legend (1) stating that the shares have not been registered under the Securities Act and (2) setting forth or referring to the restrictions on transferability and sale of the shares under the Securities Act.

With respect to private offerings of securities, the list shall also indicate the identity of the persons who purchased securities in such private offering; *provided, however*, that in the event that any such person is an entity, the list shall also indicate (a) the identity of each natural person beneficially owning, directly or indirectly, more than ten percent (10%) of

any class of equity securities of such entity and (b) to the extent not otherwise disclosed, the identity of each natural person who controlled or directed, directly or indirectly, the purchase of such securities for such entity.

5) Financial Statements

- B. Statement of income;
- C. Statement of cash flows;
- D. Financial notes; and
- E. Audit letter, if audited

You may either (i) attach/append the financial statements to this disclosure statement or (ii) post such financial statements through the OTC Disclosure & News Service as a separate report using the appropriate report name for the applicable period end. ("Annual Report," "Quarterly Report" or "Interim Report").

If you choose to publish the financial reports separately as described in part (ii) above, you must state in the accompanying disclosure statement that such financial statements are incorporated by reference.

Information contained in a Financial Report is considered current until the due date for the subsequent Financial Report. To remain in the OTC Pink Current Information tier, a company must post its Annual Report within 90 days from its fiscal year-end date and Quarterly Reports within 45 days of its fiscal quarter-end date.
